PROFESSIONAL SUMMARY

Full Stack Web Developer with **6 months of internship experience** delivering 3+ live client projects using **React.js, Node.js, Express.js, PHP, and MySQL**. Skilled in **REST API integration, Git version control, JWT authentication, and Agile workflows**. Reduced bug occurrence by 25% and maintained zero missed deadlines. Seeking a Junior React / Frontend Developer role to build scalable, user-centric web applications.

EXPERIENCE

Web Development Intern

January 2025 – December 2025

Pixel Flame Software Pvt. Ltd. | Bihar, India

- Accomplished a **25% reduction in bug occurrence** across 3+ live client projects, as measured by internal QA tracking, by integrating **React.js component architecture** with **Node.js REST APIs** and MySQL, replacing fragmented legacy code.
- Accomplished **on-time delivery across all 6 months**, as measured by zero missed sprint deadlines, by adopting **Git-based version control** and Agile collaboration with a cross-functional team of designers and backend developers.
- Accomplished **improved cross-browser compatibility and mobile responsiveness** for client-facing applications, as measured by consistent rendering on Chrome, Firefox, Safari, and all major mobile devices, by building reusable **React.js functional components** with HTML5, CSS3, and JavaScript ES6+.

PROJECTS

E-Commerce Web Application

React.js · Node.js · Express.js · MongoDB · JWT · REST API · Stripe · AWS/Heroku

- Built a full-stack e-commerce platform with multi-role access (Admin, Seller, Buyer) supporting product listings, order tracking, and **Stripe payment gateway integration**.
- Implemented **secure JWT authentication** and RESTful API endpoints connecting React.js frontend to Node.js/Express.js backend with MongoDB.
- Deployed on **AWS/Heroku** with optimized MongoDB queries, improving scalability and load performance for concurrent users.

Music Player App

React.js · JavaScript ES6+ · Bootstrap · HTML5 · CSS3

- Developed a responsive music player using **React.js hooks and functional components** with play, pause, stop, volume control, and playlist management features.
- Ensured **cross-browser compatibility** and mobile responsiveness using Bootstrap grid and CSS3 media queries.

Dynamic Blog Application

PHP · MySQL · HTML5 · CSS3 · JavaScript · XAMPP

- Created a dynamic blogging platform with user authentication, **CRUD operations**, post creation, editing, and commenting using PHP and MySQL.
- Implemented **secure session management**, form validation, and optimized SQL queries for faster database performance.

College Management System

PHP · MySQL · HTML5 · CSS3 · JavaScript

- Developed **role-based access control** (Admin / Teacher / Student) managing courses, exam records, and faculty data with full **CRUD operations**.
- Designed interactive dashboards for real-time reporting on student performance and faculty schedules.

TECHNICAL SKILLS

Frontend

React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Design, Cross-browser Compatibility

Backend	Node.js, Express.js, PHP, REST API Development, JWT Authentication, Session Management
Database	MySQL, MongoDB, CRUD Operations, Query Optimization
Tools & DevOps	Git, GitHub, AWS, Heroku, XAMPP/WAMP, VS Code
Currently Learning	Redux, TypeScript, React Native
Languages	C, C++, JavaScript, PHP
Soft Skills	Problem-Solving, Agile Collaboration, Team Player, Communication, Adaptability

EDUCATION

Bachelor of Computer Applications (BCA)	2020 – 2024
Magadh University, Gaya, Bihar Score: 65.8%	
Intermediate – PCM (12th)	2018 – 2020
Bihar Board, Gaya, Bihar Score: 63.8%
